## Truck Driver Appreciation Week Sept. 14 -20

### Pratt Logistics Ride-a-Long

Recently I had the opportunity to participate in an over-the-road ride-along with Pratt Logistics Driver Earnest Williams. This ride-a-long provided valuable insights into the daily experiences of our drivers, especially those who operate sleeper trucks. It was a very eye-opening experience and Earnest was a great instructor for me. I highly recommend that any supervisor, manager, or leader in the business consider experiencing a ride-along. It truly puts into perspective the daily challenges our CDL Truck Drivers face and the environment they work and live in, particularly those in sleeper trucks. As you interact with our drivers, please encourage them to prioritize both safety and efficiency, and most importantly, thank them for their dedication in delivering our products. Thank you Earnest for your time and for your teachings. It was a very memorable experience. - Shannon Zink, Divisional HR Manager

### Lewisburg Logistics Hosts Safety Session

The Lewisburg, OH Logistics team hosted two Safety Investigators from the Ohio Public Utilities Commission for an in-depth safety meeting covering a Mock Level II Inspection and valuable insights into truck safety procedures.

### Statesville's "Grill-n-Chill" Cookout

The Statesville, NC Dispatch Supervisors hosted a "Grill-n-Chill" Appreciation Cookout for our drivers. The event, which included delicious smoked BBQ, sides and a Pratt Truck cake, was a great success, fostering fellowship among drivers, staff, and families!

### Beloit Logistics Meets Wisconsin State Patrol

Our Beloit, WI drivers, dispatchers, and managers had a behind-the-scenes look at commercial motor vehicle enforcement at a Wisconsin State Patrol location, where they learned about inspection processes and truck safety technologies.

## Spotlight on Safety

### Pratt Specialties Division Safety Cup Competition

The Specialties division recently launched a friendly competition called the Safety Cup, designed to encourage and track safety activities across all sites. A point system was implemented at the beginning of the quarter to monitor various safety initiatives, including training compliance, plant safety engagement activities, safety committee meetings and projects, housekeeping audits, and a mock OSHA audit.

We're thrilled to announce that two sites completed this first quarterly competition with a perfect score. Please join us in congratulating **Pratt Retail Carlisle, PA**, and **Pratt Display Austell, GA**, for their outstanding hard work and dedication to employee safety!
