## Learn. Grow. Thrive. The Complete Package

### Statesville, NC Sponsors Event to Benefit Local Boys & Girls Club

Pratt Statesville was a proud sponsor of the 2023 Rotary Club of Greater Statesville's Reverse Raffle. This event raised \$25,000 to fund programs of the Boys & Girls Club of the Piedmont. Pictured (L-R) with some of the students who participate in the club are Todd Harkins, chair for the Rotary Reverse Raffle; Joey Garrison, club treasurer; Norm Hope, club member, Clarissa Young, Boys & Girls Club executive director, and Tommy Chapman, club member.

### Cedar Hill Cowboy Hat Day

To build camaraderie and have a little fun, the corrugating team in Cedar Hill, TX hosted a Cowboy Hat Day for all employees.

Raleigh celebrates 14 years with no lost time accidents

## A Tapestry of Compassion

In 2023, the teams at our plants in **Salinas** and **Lathrop, CA**, came together to provide essential goods to their local communities.

### Flood Relief: Rebuilding Together

In March 2023, the community of Pajaro, where some of the Salinas team live, experienced a devastating flood forcing thousands of people to evacuate. **Pratt Salinas** and **Pratt Lathrop** helped the relief efforts by providing emergency supplies, food and clothing - totaling 18 pallets of aid.

### Homeless Shelter Support

**Pratt Salinas** worked with a local shelter, and nonprofit House of Peace, to provide essential resources such as warm clothing, cleaning supplies, water, and food for area homeless individuals. Shipping Department Consulting Manager Valentin Rodriguez, and Dionicio Contreras Chacon dedicated extra time to confirm the delivery of these goods to those in need.

## A Season of Giving

**Pratt Salinas** brought joy to children with incarcerated parents through a holiday toy drive. They collaborated with a local church to organize tags with children's wishes and then purchased and collected the donations tailored to each child.

Employees at our Regional Manufacturing & Innovation Center in **Cedar Hill, TX** partnered with the local fire department to collect more than 120 toys for Toys for Tots.

## 14 Years of No Lost Time Accidents

On Dec. 7, **Raleigh, NC Converting** celebrated achieving fourteen years with no lost time accidents. The plant has worked over 1.3 million man hours since the last LTA. All employees were treated to a buffet and a t-shirt recognizing the accomplishment.

**Pratt Statesville** collected more than 50 gifts for local senior citizens as a part of their "Be a Santa to a Senior Holiday" program.

**Humboldt, TN Corrugating** collected toys for "A Lending Hand" toy drive with Safety Connections. This drive allows parents, grandparents, guardians and others to pick out toys for their kids during the holidays.

Employees from several divisions at our **Conyers, GA** campus came together to donate toys to Children's Healthcare of Atlanta.

**Raleigh Converting** held its annual Christmas Tree Ornament Fundraiser to support Toys for Tots. Since 2018, the plant has raised over \$4,000 for local organizations during the holidays.

## Spotlight on Safety

### Hebron Display - Photo Eye Guards

Employees would trip over the small photo eye guards that we had before. We made larger covers out of PVC and painted them safety yellow to try to eliminate the trip hazard.
