Pratt Display, Hebron: GO Pantry's 2026 Community Champion of the Year

Pratt Display, Hebron, KY was honored to be recognized as GO Pantry's 2026 Community Champion of the Year. This award recognized the Hebron team's support of GO Pantry's GO Box program, which helps provide essential food resources to students and their families during longer school breaks. The boxes play a vital role in helping GO Pantry deliver food to children when they need it most. General Manager Terry Benson accepted the award on behalf of the Pratt team. Pratt Display is so thankful to GO Pantry for providing the opportunity to make a difference in the community!

Safety Superhero

Converting Superintendent Tim Edwards of Park City, KS Corrugating recently brought a lighthearted touch to workplace safety by donning a superhero costume on the job. His festive display served as an engaging, memorable reminder for all employees to consistently follow critical "Lockout, Tagout, Try" procedures. By embracing a bit of silliness for a serious cause, Edwards effectively highlighted the ongoing importance of maintaining a safe and vigilant work environment for the entire team.

Cool Treats for Summer Heat

To help employees stay cool during the summer heat, Pratt Tulsa, OK Converting provided an extra cool-down break featuring complimentary snow cones from Josh's Sno Shack. The refreshing treat gave team members an opportunity to cool off, stay hydrated, and enjoy a fun break from the day's work.

The event was a great success and was well received by employees. In addition to the snow cones, Pratt Tulsa also provided grapes, clementines, and Gatorade throughout the week to help keep employees refreshed and hydrated during the hot summer temperatures.

Cool Treats and Warm Appreciation

To show appreciation for team members and offer a welcome escape from the summer heat, both the Nashville, TN Recycling and Conyers, GA Recycling facilities hosted ice cream truck visits. Employees, drivers, and plant staff enjoyed delicious frozen treats as part of employee appreciation efforts. Well received across both locations, the refreshing surprise delivered a meaningful boost to team morale and provided a fun, well-deserved break for everyone.

Golfing for Maximum Impact

In August, Pratt Industries and Pratt Recycling were proud to sponsor a charity golf event hosted by Maximum Impact Love (MIL). Pratt served as an overall sponsor, while Pratt Recycling sponsored a hole. The event was a success, bringing together 304 golfers and raising nearly **\$500,000** to aid the organization's mission. MIL serves nearly 6,000 individuals monthly by providing essential food supplies, as well as critical rental and utility assistance. To learn more or get involved, visit www.maximumimpactlove.org.

College Colors Kickoff Cookoff

In August, Pratt Statesville, NC Corrugating had College Colors Kickoff Cookoff. This is a football season office potluck & food showdown. The winner not only received bragging rights, but also won a Wooden Champion Spoon. The categories were: Best Quarterback (meats & mains), Best Offensive Line (sliders, wings, & links), Best Defensive Line (chips, dips, & appetizers), the Kicker (deserts & treats). Pictured is Statesville Sales Manager, Ken Kesler announcing winners. It was a great day for sampling and voting.

The Winners:

Best quarterback: Jason McGill
 Best Offensive Line: Nicholas Walters
 Best Defensive Line: Linda Lambert
 The Kicker: Karen Bumgarner

Spotlight on Safety

Cooling Igloo

During the hottest summer months, the Retail team at Stockton, CA identified an opportunity to enhance employee comfort and safety by shortening the distance needed to take a proper cool-down break. Rather than walking to distant break areas, employees voiced their need for immediate heat relief, and the team quickly collaborated on a solution.

The facility installed a climate-controlled "cooling igloo" directly adjacent to the primary production areas. Complete with tables and chairs, this dedicated station allows team members to step away, lower their body temperature, and recover without venturing far from their workspaces.

The initiative stands as a fantastic example of proactive safety culture and listening to employee needs to create a healthier, more supportive work environment.
